

## Give Every Child A Chance " Your Time - Their Future! "

---

### Recognizes Guaranteed Dog Training's commitment to the Community

'Give Every Child a Chance' is a mentoring program that helps young people with career opportunities. There is an office in Manteca with volunteers that search for openings at all businesses in San Joaquin County for the young people to be mentored. The child can start after the mentor has a background check.

It's easy, you may want to consider helping too.

Of course, the teenager that was assigned to us got to learn about Dog Training, It was very rewarding, she was truly interested and did very well.
